*O'Neil Says Promoters of Rivers-Cross Bout Will Have a Fair Deal.

A decision in the case of the Empire A. C. and its promoters, the McMahon brothers, will be handed down by the State Athletic Commission next Wednesday, before 6 o'clock P. M. The commission will hold an investigation of the club's handling of the Rivers-Cross bout that afternoon, beginning at 2 o'clock. The McMahons have been asked to be present to show cause why their license should not be revoked. The officials of the Police and Fire departments who were on duty at the clubhouse last Tuesday night also have been requested to attend the investigation. Written requests for their

clubneuse last Tuesday night also have been requested to attend the investigation. Written requests for their presence were sent by Secretary Charles J. Harvey to Commissioners Waldo and Johnson yesterday morning. The inquiry is prompted by numerous complaints from citizens which have been received by the chairman of the commission. Frank S. O'Neil. The complaints set forth that the Empire A. C. overcrowded the building in which the fight was held and in various other ways violated the Frawley boxing law. Commissioner O'Neil said yesterday that in conducting this investigation it should be remembered that the commission is vested with certain judicial powers and is bound by law to give promoters under charges every chance to defend themselves.

promoters under charges every chance to defend themselves.

"The commission must have conclusive legal evidence upon which to base a verdict," said O'Neil. "Every decision that is handed down by the commission is subject to review by the Appellate Division. I have received certain complaints against the methods of the McMahons in conducting the Rivers-Cross bout and there must be a thorough investigation. I know that there is much public clamor against the Empire A. C., but it must be remembered that the commission cannot act without substantial proof that the law has been violated.
